

“Success for Every Child”

At KJS we create a safe, supportive and caring environment where beliefs and values reflect a respect of cultural diversity. We motivate individuals to become lifelong learners who are empowered to take action to make a positive difference in the world. The school community works together to develop global citizens with a sense of social awareness and responsibility through an engaging, relevant and challenging curriculum.

Welcome Meetings

In line with our Mission Statement Kowloon Junior School is committed to providing the best possible education for every student. We believe that education works best when families, school and communities work together. Our Welcome Meetings are designed to provide parents with an opportunity early in the academic year to share relevant information with the teacher about their child. Academic progress will be discussed later this term at the Parent Teacher Consultations.

Students’ personal and social wellbeing is directly linked to self-esteem and motivation and thus essential to supporting effective teaching and learning. Whilst the class teacher will be able to provide their own insights, the main purpose of the Welcome Meetings is find out information from you. Please take the time to consider the following questions and write in your thoughts prior to the meeting.

How would you describe your child’s personality?

How do you feel your child is settling in to the new school year?

What are their strengths and interests in school?

What particular strengths/interests/talents do they have outside school?

Do they attend any clubs/classes outside school?

Which language(s) does your child use at home with family members?

Do you /they have any areas for concern that we need to know about?

Are there any special family circumstances that you think it would be helpful for us to know about?

When not in school how does your child spend most of their time?

Please note any further information that may be helpful to us:

Medical information:

Please note any medical information we should know about. Parents are responsible for inputting their child's medical information on Gateway. Please take the time to check that your child's medical information is up to date.

Thank you for your time. We look forward to seeing you at your Welcome Meeting.
