

“Success for Every Child”

Date: 4 May 2021

Dear parents

As you will probably be aware there has been a rise in cases of upper respiratory tract infections here in Hong Kong. Often referred to as a ‘cold’ symptoms include:

- Cough;
- Sneezing;
- Nasal congestion;
- Runny nose;
- Fever; and/or
- Scratchy or sore throat

As a school we would like to keep a very close eye on which symptoms our students are suffering from so please remember to send a note explaining why your child is away from school and try to be precise.

Please list the symptoms rather than saying he or she is ‘unwell’ or ‘has a cold’.

I really appreciate your help in keeping KJS as safe and healthy as possible.

With regards

Victoria Curwell

School Nurse
