

Date: 23 Sep 2022

Dear Parents,

Combined Diphtheria, Tetanus, acellular Pertussis & Inactivated Poliovirus Vaccine (DTaP-IPV) for Year 1 students.

Information concerning the combined DTaP-IPV immunisation issued by the Director of Health will be sent home with your child today. Please read it carefully. The DTaP-IPV immunisation (booster dose) is advised for all Y1 students unless a student has received this booster(s) at or after 4 years of age.

* If you are unsure if this immunisation is required but you are happy for it to go ahead if it is, my advice is to consent and send your immunisation book in. The CHP team will check all records before administering and would only give if needed. *

A vaccination team from the Department of Health will visit KJS to administer the vaccination to eligible Year 1 students on Wednesday 26th October 2022.

Please read the consent form very carefully and complete all the sections by ticking (✓) and signing as appropriate. If you do not consent, you will need to complete the Refusal Form and return the form to us.

The vaccination team will also require your child's ORIGINAL immunisation records. If your child's records are in a language other than Cantonese or English, please translate the vaccines already taken.

Forms and original immunisation records should be returned to the school together by Thursday 6th October 2022.

Best regards,

Carmen Chan
