Success for Every Child

Date: 8 Nov 2022

Dear parents,

Please be informed that Policy 21 Limited has been commissioned by the Education Bureau to conduct the above study. Policy 21 is a research institution established by The University of Hong Kong in July 2000 which has become independent from the University since May 2009. They would like to collect the views of parents with children attending international schools.

We encourage our parents to provide your views by completing the survey and returning to Policy 21 Limited **via email to [intl-school@policy21.org](mailto:intl-school@policy21.org)** by the end of November 2022. The form is in an online fillable format. Please rest assured that information gathered in the study will be kept strictly confidential and used for overall statistics only. Results of the study will help the Hong Kong SAR Government in reviewing the provision of international school places in Hong Kong and the support measures for the international school sector.

Thank you.

Regards,

KJS Office
