Success for Every Child

Date: 25 Aug 2023

Dear Parents,

Combined Diphtheria, Tetanus, acellular Pertussis & Inactivated Poliovirus Vaccine (DTaP-IPV) for Year 1 students

Information concerning the combined DTaP-IPV immunisation issued by the Director of Health was sent home with your child today. Please read it carefully. The DTaP-IPV immunisation (booster dose) is advised for all Y1 students unless a student has received this booster(s) at or after 4 years of age.

* If you are unsure if this immunisation is required but you are happy to go for it, my advice is to consent and send your immunisation book in. The CHP team will check all records before administering and would only give if needed. *

A vaccination team from the Department of Health will visit KJS to administer the vaccination to eligible Year 1 students on **Wednesday 1st November 2023**.

Please read the consent form very carefully and complete all the sections by ticking (✓) and signing as appropriate. If you **do not consent**, you will need to complete the Refusal Form and return the form to us.

Your child's ORIGINAL immunisation records are also required by the vaccination team. If your child's records are in a language other than Cantonese or English, please translate the vaccines already taken.
