Success for Every Child

Date: 29 Aug 2023

Dear KJS families,

Local seasonal influenza activity has continued to soar in the past week and has exceeded the seasonal epidemic threshold, indicating that Hong Kong has entered the summer influenza season.

As advised by CHP, please check the body temperature of your child every day **before** sending them to school. If your child has any upper respiratory infection symptoms i.e. fever, headache, diarrhoea or vomiting, they should **stay home and be refrained from school for at least 48 hours until they are fully recovered**. This helps prevent the spread of illness across the school.

Please also be reminded to **inform the school office** of your child's absence with a list of symptoms via ESF app or email at office@kjs.edu.hk.

Hope everyone stays strong and healthy.

Best regards,
Carmen Chan
